Aloha

Perseverance is virtue inclusive of courage, belief and tenaciousness. Persistence comes back for more.

A graduate of Sacred Hearts Academy, Brigham Young University, mentored in the field of Social Work, Conflict Resolution, Counseling, Geophysical Phenomenon and a Haku Hooponopono.

OHA employed for 11 years, I am knowledgeable of its operations. Consider this; are you aware of what you could do to improve your company? Give me that chance.

Issues, concerns, victories and problems confront the Hawaiian communities. I will bring it to the OHA Boardroom. We will work together to improve, empower, stop:

- Transfer of ceded land, without notice or revenues

- The lost of Kuleana land rights and taxations

- The ice epidemic affecting families

- Alternative education programs

 - Our Youth, Our future

- Employment and job training

 - Community empowerment

OHA has the resources to implement systemic changes.

Self-determination is paramount to Native Hawaiians. WE must OWN the future of our people. We must embrace the differences and work to achieve a common goal.

Nationhood shouldn't be dictated or manipulated by a few. The most important question asked is "how does it benefit or affect me?" Answer "it's up to you to find out, get involved". We have a lot to lose.

Recently, Hawaii Supreme Court decision in favor of the native Hawaiians right to sue, Kalima v. SOH-DHHL, along with a brilliant legal team, is dedication to others.

I can make a difference, please cast one vote for Leona. God Bless - Mahalo Nui
